### News

*Frank Lloyd Wright's School of Tomorrow* is open in the Hollis Room (pictured right). It is a collaborative exhibit between the staff of the McKay Archives and FSC students Jean Howell and Annabel Leonova, seniors in Art History. The exhibit looks at the buildings designed by Frank Lloyd Wright for the campus between 1939 and 1959.

Look for our new maps of the second and third floors of the library at the top of the stairs on each floor! These maps allow for easier identification of the resources on each floor by numbering each range of shelves and will help you identify the best spots for group work or quiet individual study. We thank Donna Marie Alfano, a junior Graphic Design major, for her work on the maps.

Visit our newly upgraded Honorary Chancellors page: <https://www.flsouthern.edu/library/archives/honorary-chancellors.aspx>. We thank students Lauren Lassiter and Rachel Williams for their help in researching and updating the information and photographs on the page.

## Research Tip

Has an upcoming research or writing project got you stressed? Look for a Research Guide! From the Roux Library home page, click Research Guides and Tutorials, then find a guide for your subject or class. These guides are the best way to find resources specific to your subject. And they'll even help guide you through the process, from choosing a topic to finding quality sources, to properly formatting your citations!

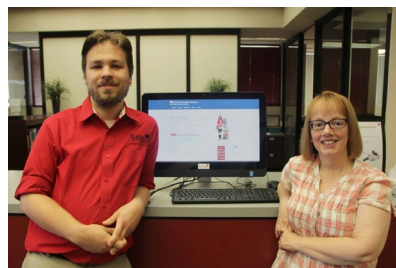

## Resource Highlight
